Planning Section Status Report

North Coast Multi-Agency Coordinating Committee - Parks staff is preparing a state Coastal Conservancy grant application to prepare a North Coast Facilities and Management Plan, which would consolidate all the various federal, state, and local government agencies' planning and capital improvement plan documents into one comprehensive document. The state grant would fund the hiring of a consultant to review existing documents, facilitate stakeholder meetings, and produce a regional planning document.

August 2, 2021

Maintenance Section Report

New signage was installed at North Coast Beaches.

Planning Section Status Report

North Coast Multi-Agency Coordinating Committee**Parks** - Staff submitted a state Coastal Conservancy grant application, along with several Letters of Support, to prepare a North Coast Facilities and Management Plan, which would consolidate all the various federal, state, and local government agencies' planning and capital improvement plan documents into one comprehensive document. The state grant would fund the hiring of a consultant to review existing documents, facilitate stakeholder meetings, and produce a regional planning document. Grant awards are anticipated for late September/early October.

Planning Section Status Report

North Coast Multi-Agency Coordinating Committee The state Coastal Conservancy awarded a planning grant to the County for the development of a North Coast Facilities and Management Plan, which would consolidate all the various federal, state, and local government agencies' planning and capital improvement plan documents into one comprehensive document. State Parks has also contributed funding for the project. The state contributions will fund the hiring of a consultant to review existing documents, facilitate stakeholder meetings, and produce a regional planning document. Staff is currently drafting the Board resolution to accept the funds.

Director's Report

Regarding Scott Beach; our website is inconsistent with the signage at the beach, we'll rectify that.

Planning Section Status Report

North Coast Facilities and Management Plan The state Coastal Conservancy awarded a planning grant to the County for the development of a North Coast Facilities and Management Plan, which would consolidate all the various federal, state, and local government agencies' planning and capital improvement plan documents into one comprehensive document. State Parks has also contributed funding for the project. The state contributions will fund the hiring of a consultant to review existing documents, facilitate stakeholder meetings, and produce a regional planning document. The Board will consider a resolution to accept the funds at its December 7th hearing and will consider the Request-for-Proposal for a planning consultant at its January 11, 2022, hearing.
